Next Clear

Change "Tab" field from "TEST" to "CHANGED" and save

Fig. 9

Template is  
now in tab  
"CHANGED"

Template  
"aaa\_test" is  
currently in tab  
"CHANGED"

Notice tab "TEST" is no longer available - template  
"aaa\_test" was the only template indexed to "TEST". After  
the template was re-indexed, there were no templates  
indexed to "TEST", therefore, tab "TEST" no longer exists  
and is not listed.
